### ABOUT ME

I am a dedicated Frontend Developer with expertise in HTML, CSS, JavaScript, Bootstrap, Material UI, Tailwind CSS, and React.js. Proficient in Git and GitHub, I excel in team environments and effective code management. Known for my strong work ethic and commitment to continuous improvement, I am passionate about creating responsive, user-friendly web applications that enhance user experiences and drive success.

### PROJECTS

(Click Projects to see Live Demo)

#### Brainwave

A fully Modern Landing Page built with **React Vite & Tailwind CSS** using the Industry Standards UI/UX Design Principles with smooth animations and Parallax Effect.

#### Nike Clone

Nike Clone is another project that I made following the modern **React JS** practises along with **Tailwind CSS** using **Vite**.

#### Web Services Landing Page

Web Services is a Landing Page build that I developed in order to test my **Bootstrap** Utility Skills, that is completely responsive all all devices.

#### My Good Movers

My Good Movers is a transportation & relocation company based in USA. I recently developed their Landing Page using **Bootstrap** and is also completely responsive.

#### Football Mastery

Football Mastery is another project that I built using **Bootstrap** and is also completely responsive.
